Corporate Training is integral in ensuring that the workforce is tuned into the organization's goals.

In this journey, BEML is aware of the changes taking place in the Learning space and by this RFP, it seeks to partner with the Progressive Firms/Agencies to carry forward its Training efforts with necessary impact. The salient points of this RFP are as follows:

- a) Focus on on-Line:** With the Covid-19 Pandemic, BEML has been transitioning to digital training with its impact on costing, time and travel. It has cut down the the Training delivery costs while providing the flexibility & convenience needed in today's fast-paced workforce. Since there are no geographical barriers to on-line learning, assimilation of learners and Trainers across locations are possible.
- b) Comprehensive Training:** This Request for proposal (RFP) has been prepared based on multi-sourced internal/external inputs for example Assessment Development Centre (ADC) Reports, Performance Management System(PMS) Inputs, Business & Strategy needs etc. specially at Corporate level covering various target segments for Training & Development.
- c) Flexibility with on-demand Training :** The RFP is designed to bring-in the needed flexibility in today's fluid Business situations by delivering the on-demand Training & Services to meet the fast-changing business needs which aims to address time-gap between the PMS based Training conduction/ coverage & today's dynamic world's needs, especially with tender/Purchase Order System.
