

CORRIGENDUM-3

Ref: Bid Invitation No: 6300031063 dated 03.01.2020

Subject: Engagement of Consultant for Compliance Management Services in BEML Limited.

Sl.no	Particulars	Remarks from BEML
01	Limitation of Liability- we would request you to please reconsider limiting the liability upon the fees	Liability is inline to the contract value.
02	Hardware costs and software costs – while we will be providing you a break up of the fee with the following heads (compliance management services, compliance management tool, implementation cost, AMC for 1 year), however, for hardware and software costs to run the tool we can only provide you with the pre-requisite details so that you can procure them from the market directly, if not already available with your organization. Additionally, we can assist you in advising on the vendors who provide such hardware and software, if required.	Vendor should indicate Hardware and Software license required in the bid response.
03	The project coordinator would seek the ownership mapping before we engage with them on workshops.” - I am assuming that the project coordinator here means the “project coordinator’ from BEML	One project coordinator will be nominated from BEML Limited and he will be coordinating with stake holders
04	<i>Any subsequent changes to the ownership mapping or compliances (after the first upload) will be done by BEML.”.</i> Allowing any person to update compliances will result in possibility of tampering with the compliance data / reporting	One project coordinator will be nominated from BEML Limited and he will be coordinating with stake holders
05	<i>However, if there are any critical updates, the same shall be notified immediately” – Who will decide what is critical and what is the timeline for “immediate”?</i> Can we explain this in the proposal?	One project coordinator will be nominated from BEML Limited and he will be coordinating with stake holders.

THE LAST DATE FOR CLOSING OF TENDER IS 10.02.2020
